

CURRICULUM VITAE HANNA KURNEL PLANTIN

Nationality POLISH/BRITISH
Profession ARCHITECT
Position in Firm PROJECT ARCHITECT
Key Qualifications Master of Science in Architecture, Wroclaw University of Technology in Poland

Member of ARB

Experience and specialisations Hanna Kurnel studied at Wroclaw University of Technology in Poland for 5 years gaining the academic degree of Master of Science in Architecture. After graduating, Hanna gained valuable experience working on various private residential projects for two companies in Poland, The Archipelag Group and The Ozone Architectural Studio. After 2 years she moved to London in 2001 and joined BUJ Architects as an Assistant Architect where she stayed for 3 years developing the prestigious residential scheme at riverside. In 2005 Hanna joined Tate and Hindle, where she worked on offices and residential schemes. In 2008 Hanna gained her Part 3 qualifications and registered as a fully qualified Architect in ARB and the Chamber of Polish Architects. Since 2018, Hanna has been an employee for HTP, where she has been working on variety of projects including government offices and a football stadium.

Examples of Recent Projects**1 Victoria Street, London**

Remodelling all the entrances, both internal and external, of this large government office building and incorporating advanced security features as well as integrating new interior design scheme. I prepared the tender packages, including the co-ordination with the consultants and specialists. Additionally the required planning consent has been obtained.

Boreham Wood Football Club, Herts

Development of the football ground, to increase the capacity for spectator seats and stands, redesign of the fan zones and entrances, and new design of the sport education building. My role includes feasibility design and planning, liaisons with the client and consultants.

Whitehill Sport Club, East Hampshire

Feasibility studies for the new sport facility and archery centre.

Brinsworth House, Twickenham

Preparing Tender drawings for this 5 Phase renovation and extension project, being carried out while the Home is still open.

Doughty House, Richmond

Remodelling and extending Grade II Listed Building in the Conservation Area. I prepared the planning drawings required for the additional extension of the Gallery link and subsequently the tender documentation.

Alderly House, Gloucestershire

Refurbishment of Grade II Listed private property, including obtaining all necessary consents for the remedial works of the external envelope. Furthermore, design of the spa complex and internal remodelling of the floor arrangements. My involvement covers feasibility up to tender stages.
